UNH Cooperative Extension
USDA Farm Service Agency
USDA Natural Resources Conservation Service
Vital Communities
Yankee Farm Credit

Local refreshments will be served.

A FREE, interactive workshop designed for New Hampshire farmers seeking to better understand the options, resources, and steps to accessing or transferring your farm or farmland.

New farmers and members of the agricultural community seeking to buy or lease land will connect with advisors that can answer questions about how to plan, evaluate and buy farm property, qualify for funding, understand conservation easements, owner financing options, and much more. Learn about:

- Finding and evaluating farmland
- Purchase, lease and financing options
- Leasing or taking over a retiring farmer's operation
- Expanding your network for increased knowledge, connection and profit

We encourage both land seekers and land owners to attend to connect with one another and with the professionals who can help guide them in the process of land leasing, acquisition, and/or transfer.

Registration is required. To reserve your seat, call Land For Good at (603)357-1600 or email cara@landforgood.org.

FREE! Registration is required! Email cara@landforgood.org
