

# Attention: Aquidneck Landowners

***Have you ever considered making your land available for farming?***

***Landowner Workshop  
September 26, 2016  
6:00 – 8:00 p.m.  
Greenvale Vineyards  
582 Wapping Rd  
Portsmouth, Rhode Island***

When you make land available for farming you help secure a future for farming in Rhode Island. Farmers are looking for land to rent—from a small vegetable plot (instead of lawn!) to livestock or crops on unused farmland. Sustainable, productive uses for all or parts of your property can bring many rewards.

***This free workshop will help you understand your land's potential for farming and what goes into a good farming arrangement.***

- Realize benefits & opportunities
- Identify your personal, financial & land use goals
- Learn how to recruit a farmer-tenant
- Hear from a private landowner & a farmer who is leasing land

For more information call Aquidneck Land Trust at (401)849-2799 or go online to [landforgood.org/rsvp](http://landforgood.org/rsvp).

Local refreshments will be served!

***FREE! To register, call (401)849-2799 or go online to [landforgood.org/rsvp](http://landforgood.org/rsvp).***
